SIBONA

MAeCO' GIN

MA and CO' means MAre (Sea) and COllina (Hill). It is Sibona's Italian Premium Dry Gin, also enriched with botanicals from Piedmont (Hill) and Liguria (Sea), including for Piedmont: juniper berries, lavender from Sale San Giovanni, sage, rosemary, damascena rose, Nebbiolo vine leaves, and for Liguria: lemon, thyme, Pernambucco orange, basilico genovese d.o.p. (genovese basil)

This gin thus celebrates the meeting of the hills and the sea.

Distilled with Eva natural water which gush out from the highest spring in Europe at 2,042 meters (6.700 ft).

The bottle is produced in "wild glass" that is recycled glass with a significant reduction in CO2 emissions and limited waste of raw materials, in total support of the environment.

Special and elegant Sibona bottle with notches down the side to indicate the content (70 cl.)
